About Leading Hands

Following the difficult conditions and suffering experienced by the Lebanese people, this organization was established by a group of Lebanese youth in 2019. It was officially registered in 2020 under the number 1153. Through humanitarian efforts and initiatives, we have worked tirelessly to alleviate suffering by providing effective and direct assistance, improving the lives of marginalized groups, and implementing humanitarian and developmental projects for women and men, to empower and enhance their active role in society.

Mission & Vision

MISSION

- We make every effort to support and empower youth, promote their growth and capabilities, by providing comprehensive programs, diverse support resources, training, and guidance. Our mission is to assist them in achieving economic independence, professional success, and leadership skills that enable them to enact positive changes in their communities.

VISION

- We aspire to provide care and assistance to our communities by empowering our youth and helping them realize their full potential and contribute to economic and social development. We also strive to achieve gender equality and provide educational and professional opportunities that meet the complete needs of both women and men.
